The Baxter Springs Mfg. Co. are putting up about ten wind engines a week, but cannot supply the demand at this rate.

Baxter Springs has not celebrated the glorious 4th for twelve years, hence she will undoubtedly have a hummer next Friday.

Original packages were in full bloom in Baxter Springs last Saturday. It is needless to say a large number of them were plucked.

The hot weather is upon us and there is apt to be more or less vegetable decay about us. Keep the milk from coming in contact with the odors.

There will be an abundance of trains next Friday to bring people from neighboring towns to our 4th of July celebration and a half fare rate will bring them.

The Y. P. S. C. E. of the Presbyterian church have recently made a valuable addition to their program. Mrs. Bramhall gives a short reading from "Pilgrims Progress."

With two "original package" houses and a "blind tiger" Baxter Springs disciples of Bacchus find no difficulty in "lusing" to their heart's content these hot summer days.

Parties having lots anywhere along Spring branch in this city which they are willing to lease for mining purposes will please leave notice of the fact at the Baxter bank.

A certain farmer living not far from Baxter informs us that a couple of our city boys have been robbing his orchard recently, carrying away a considerable amount of apples. The boys are "spotted" and unless the stealing is stopped short they will be prosecuted.

Mr. Allen of Webb City was in our city Tuesday looking at the mineral prospects of our town. He says the indications are very favorable and if he can secure a lease on 40 acres he will sink a shaft. He is an old miner and a thorough, practical student of geology. Our citizens should give Mr. Allen a hearty welcome and assist him to secure all the land he wants. If you desire to see our mineral prospects developed, lend a helping hand in the way of giving and securing leases for Mr. Allen. We may never have as liberal a proposition again.

Last week Mrs. Hornor and daughter, Mrs. Kean, while out riding, met with a severe and what might have been a fatal accident. Their team became frightened and ran away, throwing both ladies from the carriage. One wheel ran over Mrs. Hornor's shoulder and injured her severely. At present writing she is resting quite easy.

Why don't some enterprising person run a hack from town to the works at the river each morning and evening? The workmen, we believe, would pay enough to justify someone in going into it. It is no small walk, especially after a man has worked hard all day. Let's have a herdie line to the river.

The Baxter Springs Mfg. Co. have been sinking their shaft deeper and have put two tanks in their building. They now have water on every floor with a good supply for the water wagons.

Notwithstanding Columbus killed one of its burglars and sent eight more in one batch to the penitentiary still there seems to be a gang there and a burglary is almost a nightly occurrence.

A thief entered the house of a Columbus editor and stole a lot of things among them a \$5 bill. Served him right; had no business having that much more money than his fellow editors.

TEACHERS' EXAMINATION.  
The teachers' examination to be held at the school building in this city next Tuesday will begin promptly at 8 o'clock a. m. instead of 4 p. m. as stated last week.

Chas. Raymond, supreme organizer of the order of Select Friends, will be present at the next regular meeting of the order to be held July 1st, when he will install officers for the coming year.

## THE G. G. & W. IN GOOD SHAPE.

Col. D. C. Finn of the Galena, Guthrie and Western railway company informs us that the right of way from this city to Guthrie through the Indian territory for this line of road has been secured and that arrangements are now being made looking to the building of the road at an early date. Within twenty days the general office of the company will be established at Baxter Springs and as soon as the present heated term subsides a surveying corps will be sent out to lay out the route. The road will enter the Indian territory at or near the Memphis stock yards south of this city. The official seals, books, etc., have been sent for and the stock books will be opened in this city in about two weeks.

Out of all the Baxter Springs railway schemes projected within the past few years the Galena, Guthrie and Western is the first to meet with success in congress on the right of way question and the enthusiasm with which the progress already made is received at the various points along the line gives assurance that the road will be pushed on to completion at an early date.
